**Other Blade Manufacturing Process**

Sharper blade edges provide:

- » More aggressive cutting, not ripping, of the tissue.
- » Smoother tissue cuts which means less bleeding and better visualization.
- » More dependable and precise cutting which saves procedure time.
- » To experience the efficiency of the XtraSharp process for yourself, contact your local ConMed Linvatec Sales Representative, or call us, toll-free at (800) 237-0169.
